Summary: I'TS FIONNAS 16TH BIRTHDAY AND SHE MEETS A NEW PERSON AT "THE WEAPON OF CHOICE"

THE LIFE OF FI AFTER HER 16TH BIRTHDAY

**HEY! THIS IS MY FIRST FANFIC EVER! SO LET'S GET TO IT! ENJOY! â€|
TOO MANY EXCLEMATION MARKSâ€| LEAVE A RATING! **

**P.S. I'M LITHUANIAN SO I'M KIND OF BAD AT ENGLISHâ€|
SORRYâ€|**

P.S. WAIT FOR PART 2

So it's my sixteenth birthday.. And my friends decided to get me a fake ID and take me to "the weapon of choice" a.k.a. our local club. So we're walking up to this club and my friends have already been here but I don't know shit. And as I'm coming close to this club I get a vibe.. like a VIBE. I can't really explain it but it surely felt good.

I walk inâ€|

It's really dark and the beat of the music is pumping through my veinsâ€| I finally feel alive..

**My eyes adjust to the darkness. I look around.. Everyone here is absolutely beautiful. But one man stands outâ€| Sexy as fuck. Black hair and black worn jeans paired with a plad shirt and black converse. He's sitting at the back of the bar and has a guitar case beside him. He's drinking whiskey. I can't see much of his eyes because they're covered by his messy hair. **

**I don't really know what to do so I'm just standing beside the entrance of the club with my short black dress and red stilettos. I look back at the guy, now he's looking my way and half-smiling. He

makes a subtle move with his hand for me to come over. So I walk over to him (as sexily as I am able) and lean on the bar and rest my boobs in front of him. **

Hello beautifulâ€|

A husky sexy voice reaches from his mouth to my ears.

H-Hiâ€|

Suddenly I feel extremely turned on just by his voice.

Introduce yourselfâ€|

my name is Fionaâ€|but you can call me Fi.

Why do I feel so comfortable talking to this guy?

I will.. I'm Marshall lee but you can simply call me Marsh .How old are you?

I'm 16.. why?

oh.. don't sweat the small things.. I guess you can say I'm 18. Wanna get out of here?

alright.. where to?

to a whole new world Fiâ€| to a world you've never seen before ...

End
file.
